## 1 EXECUTIVE SUMMARY

### Introduction

The following is a brief summary only and is qualified in its entirety by the more detailed information appearing in the body of this Prospectus. Information in this executive summary is not intended to be exhaustive and should always be read in conjunction with the full text of this Prospectus. The information provided in this summary has been updated until and reflects the situation as per the date mentioned on the cover page of this Prospectus.

### The Fund, Fund Manager and Legal Owner

The Fund is a fund of funds and will invest in Investment Funds mainly focussed on investments in listed financial instruments by application of various arbitrage strategies, and primarily in Done Participations issued by the Done Hedge Fund. The Fund may also hold cash and cash equivalents.

Privium Fund Management B.V. will act as the manager (*beheerder*) of the Fund and Stichting Juridisch Eigendom Privium Done Hedge Fund will act as Legal Owner of the assets and liabilities of the Fund. In managing the assets and liabilities of the Fund, the Fund Manager will act solely in the best interests of the Participants. The Legal Owner will be the legal owner of all assets of the Fund and liabilities of the Fund. The Legal Owner will acquire and hold the assets of the Fund and assume the obligations for the account and risk of the Participants. The Legal Owner will act solely in the best interests of the Participants.

### Investment Objective and Strategy

The Fund's objective is to achieve absolute returns for the Participants regardless the direction of the underlying markets. To achieve this, the Fund will primarily invest in class D Done Participations issued by the Done Hedge Fund and may acquire interests in other Investment Funds mainly focussed on investments in listed financial instruments by application of various arbitrage strategies. The Fund may also hold cash and cash equivalents.

### Legal, Tax and Regulatory Aspects

#### *Legal Structure*

The Fund is not a legal entity (*rechtspersoon*) but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Legal Owner for the account and risk of the Participants. The Fund has an open-ended structure. The Fund is governed by the Terms and Conditions. By executing the Subscription Form, a Participant represents and warrants to have reviewed the Terms and Conditions and agrees to be bound thereby. A Participant is admitted to the Fund by the issuance of Participations to the Participant.

The Fund shall have two (2) classes of Participations, Class A Participations and Class B Participations. All Classes provide exposure to the same Investment Objective and Investment Strategy. The sole differences between the different Classes is (i) the minimum amount the Participants can subscribe

for and (ii) the Management Fee payable, as further described in the Prospectus and the Terms and Conditions.

The Participations are redeemable on certain conditions as set forth in this Prospectus and the Terms and Conditions. Participations may be transferred, assigned or made subject to any encumbrance subject to certain conditions as set forth in the Terms and Conditions.

#### *Tax Aspects*

On behalf of the Fund, a request has been filed with the Dutch tax inspector to grant the Fund the status of exempt investment institution by means of an official decree (*beschikking*) effective as per the date of its establishment. This implies that once the Fund has obtained such status, both the realization and the distribution of profits should have no tax implications.

#### *Regulatory Position*

Fund Manager is in possession of an AFM license as referred to in article 2:65(1)(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.

The AFM license of the Fund Manager has been issued prior to the implementation of the AIFMD in the Netherlands, and was automatically converted into an AIFMD license by the AFM on 22 July 2014, in accordance with the Netherlands AIFMD implementation schedule. This Prospectus is prepared in conformity with the FSA as in force on the date of this Prospectus.

Further information with respect to the regulatory position of the Fund is set forth in Section 5.2 of this Prospectus.

#### **Fund Governance**

The Participants will hold meetings when called by the Fund Manager. The Fund Manager shall call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of Participants and (ii) in case of one (1) or more Participants holding, in aggregate, at least 25% of the outstanding Participations request the Fund Manager to call such meeting.

#### **Distribution Policy**

Any distribution to Participants shall be published on the Fund Manager's website. Distributions of Net Proceeds will be made in cash.

#### **Minimum Investment, Subscriptions and Redemptions**

The minimum subscription amount is EUR 125,000 per Participant for Class A Participations and EUR 5,000,000 for Class B Participations. This minimum subscription amount may be waived by the Fund Manager in its sole discretion.

Section 7 of this Prospectus contains the subscription procedures. The Fund Manager reserves the right to reject an application in whole or in part.

A Participant may transfer all of its Participations provided certain conditions have been met and will be able to redeem its Participations upon its request. The Fund Manager may suspend a redemption under certain conditions. Section 8 of this Prospectus contains the transfer and redemption procedures.

**Website**

The Fund Manager's website address is [www.priviumfund.com](http://www.priviumfund.com). All references to the Fund Manager's website in this Prospectus are references to the above website.

### **3 THE INVESTMENT OPPORTUNITY**

#### **3.1 Fund Objective and Strategy**

##### **3.1.1 Fund Objective**

The Fund's objective is to achieve absolute returns for the Participants regardless the direction of the underlying markets.

##### **3.1.2 Fund Strategy**

To achieve the Fund Objective, the Fund will primarily invest in class D Done Participations issued by the Done Hedge Fund and may acquire interests in other Investment Funds established worldwide mainly focussed on investments in listed financial instruments by application of various arbitrage strategies. The Fund may also hold cash and cash equivalents.

The Fund will be managed in accordance with the Investment Strategy and the Investment Restrictions. The Fund Manager may only deviate from these provisions and change the Investment Strategy by amending this Prospectus and the Terms and Conditions in the way set forth in Section 5.1.5 of this Prospectus.

If the Fund holds investments denominated in currencies other than the Euro, this entails a foreign exchange risk. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Fund.

##### **3.1.3 Liquidity**

The Fund Manager employs an appropriate liquidity risk policy and has adopted procedures which enable it to monitor the liquidity risk of the Fund and to ensure that the liquidity profile of the investments of the Fund complies with their underlying obligations. In particular, the Fund Manager can restrict redemptions on certain conditions as set out in the Terms and Conditions.

As and when relevant (in the case of investments becoming illiquid), the Fund Manager shall disclose at least on a quarterly basis to the Participants by e-mail:

- a) the percentage of the Fund Assets which are subject to special arrangements arising from their illiquid nature;
- b) any new arrangements for managing the liquidity of the Fund; and
- c) the risk profile of the Fund and the risk management systems employed by the Fund Manager to manage those risks.

#### **3.2 Fund Investment Restrictions**

##### **3.2.1 Investment Thresholds**

Article 4:37(c)(5) FSA contains certain requirements for feeder AIFs within the meaning of article 4.1(m) of the AIFMD. Therefore, the Fund Manager shall not (i) invest 85% or more of the assets of the Fund in units or shares of (a) any one (1) Investment Fund, or (b) more than one (1) Investment Fund where such Investment Funds have identical investment strategies; or (ii) otherwise have an

exposure of at least 85% of the assets of the Fund in any one (1) Investment Fund, unless it would believe to still be acting in compliance with article 4:37(c)(5) FSA, for instance if:

- a) following such investment or exposure the Fund shall not fall under the definition of a feeder AIF within the meaning of article 4.1(m) of the AIFMD; or
- b) the competent authorities so confirm.

### **3.2.2 Borrowings**

The Fund Manager is not allowed to lend any of the Fund Assets to a third party or borrow money against such assets, except for bridge financing purposes.

### **3.3 Investment Objective and Strategy of the Done Hedge Fund**

As the Fund will primarily invest in class D Done Participations issued by the Done Hedge Fund, this Section 3.3 describes a summary of the investment strategy and investment restrictions pertaining to such participations.

The Done Hedge Fund seeks to provide its investors a return after deduction of fees of at least 10% per annum with a volatility of less than 10%, regardless of market conditions. The Done Hedge Fund invests in listed financial instruments by taking both long and short positions. Use can be made of all possible financial instruments such as stocks, options, bonds, warrants, futures and exchange-traded funds. There are no further investment restrictions.

## **4 RISK FACTORS**

### **4.1 Introduction**

An investment in the Fund carries a high degree of risk. There can be no assurance that the Fund will achieve its Fund Objective or that the respective investment policies of Investee Funds' investment policy will be successful. The value of the Fund's investments and the Participations may fall as well as rise and returns on past investments are no guarantee as to the returns on future investments. Accordingly, Participants may lose all or part of their investment in the Fund. An investment in the Fund requires the financial ability and willingness to accept for an indefinite period of time the risk and lack of liquidity inherent in the Fund. Due to the Investment Strategy, the value of Fund Assets can strongly fluctuate. Potential participants should consider, among others, the non-exhaustive list of risks mentioned below, review this Prospectus and its ancillary documents carefully and in their entirety, consult with their professional advisors and conduct and subsequently rely upon their own investigation of risk factors associated with the proposed investment. Participants should realize that the existence and occurrence of certain risks may contribute to the existence and occurrence of other risks.

### **4.2 Risks Relating to the Fund**

#### *Performance*

The Fund's results will largely depend upon the performance of Investee Funds.

#### *Cash Weighting*

The Done Hedge Fund has a minimum initial subscription requirement of EUR 5,000,000 for class D Done Participations. Other Investee Funds might also have such minimum subscription requirements. Therefore, the Fund might have a higher cash weighting than anticipated for a period of time during which a minimum subscription requirement at the level of an Investee Fund has not yet been met by the Fund.

#### *Segregation of Portfolios*

It is not intended to segregate the assets and liabilities relating to any Class.

#### *Concentration of Investments*

It is in the aim of the Fund to mostly hold Investee Funds Interests. Consequently the Fund Assets may be subject to and experience greater risk and market fluctuation than a fund that has investments representing a broader range of investment alternatives. The Fund could be subject to significant losses if Investee Funds Interests decline in value or are otherwise adversely affected. Lack of liquidity may aggravate such losses significantly. In addition, it may not always be possible to dispose of Investee Funds Interests without incurring significant losses. Potential profits may not always be immediately realisable and may therefore be lost prior to realisation.

#### *Economic Environment*

In the current economic environment, there are increased risks of financial institutions on which the Fund is dependent for its operation or investment returns to fail, be bankrupted or subject to government seizure or nationalization.

#### *Foreign Exchange Risk*

The Net Asset Value of the Participations may be affected by exchange rate fluctuations. If the Fund holds investments denominated in currencies other than EUR, this entails a foreign exchange risk. The Fund Manager therefore may, but is not under an obligation to, hedge foreign exchange risks if it considers this to be in the interest of the Participants.

#### *Counterparty Risk*

The Fund will be subject to the risk of the inability or refusal of payment or clearing institutions, principals or other service providers or other counterparties to its transactions, to perform or to perform in time under such services or transactions. Any such failure, refusal or delay, whether due to insolvency, bankruptcy or other causes, could subject the Fund to substantial losses. It is expected that the Fund will seek to mitigate these risks by reviewing the creditworthiness and reliability of all service providers and counterparties and only entering into transactions with those parties that the Fund believes to be creditworthy and reliable.

#### *Inflation*

Due to inflation, the relative value of Participations may decline. The Fund will not specifically hedge inflation risk or take other measures to mitigate this specific risk.

#### *Lack of Operating History*

The Fund is a new established entity and there is no operating history to evaluate the future performance of the Fund.

#### *Changing Legislation*

The regulatory and tax environment for investment funds in general as well as certain financial instruments and other types of investments are evolving and changes therein may adversely affect both the Fund's ability to pursue its investment strategies and the value of its Fund Assets. The effect of any future regulatory or tax change on the Fund is impossible to predict. The fiscal status of the Fund may change during the term of the Fund. The Participants are urged to seek fiscal advice before participating in the Fund.

#### *Unclear Legislation*

Unclear rules and regulations and conflicting advice may result in a breach of rules and regulations applicable to the Fund. Resulting fines and other sanctions and possible damage to the reputation of the Fund, the Fund Manager and other connected persons may result in a negative impact on the Net Asset Value of the Fund and the Participations.

### *Restrictions on Transfers and Potential Illiquidity of Participations*

Participations may not be registered under any securities laws. Participations are also subject to restrictions on their transferability under the Terms and Conditions. There is no public market for the Participations and none is expected to develop. Under certain circumstances as set out in Section 8 of this Prospectus, the Fund Manager may suspend the redemption of Participations.

### *Limited Rights of Participants*

The Fund Manager has exclusive authority for managing all operations of the Fund. Participants cannot exercise any management or control functions with respect to the Fund's operations, although they have limited voting rights in certain organisational respects as set forth in the Terms and Conditions.

### *Indemnification*

Under the Terms and Conditions, the Fund Manager and the Legal Owner are entitled to be indemnified out of Fund assets against costs, losses and expenses which they may incur or become liable in connection with the execution of their duties. In addition, the Administrator and other service providers also are entitled to indemnity under the terms of their respective agreements for services. These obligations could require substantial indemnification payments out of the Fund Assets.

### *Redemption Risk and Restrictions*

The Fund is an open-ended fund and Participations may be redeemed at the request of a Participant in accordance with the restrictions of Section 8 of this Prospectus and the applicable terms of the Terms and Conditions. Accordingly, there can be no guarantee that the Redemption Price reflects the Net Asset Value per Participation as at the date of the Redemption Notice. The Fund Manager may further suspend the redemption of Participations if: (i) a state of affairs exists which constitutes a state of emergency as a result of which the sale of Fund Assets would, in the sole opinion of the Fund Manager, not be practical or would negatively affect the rights of other Participants; (ii) the Participant did not act in compliance with applicable legislation or the Terms and Conditions; (iii) for whatever reason, the valuation of Fund Assets or Fund Obligations to be sold cannot be promptly or accurately ascertained; or (iv) relevant exchanges are not open for business or the sale of Fund Assets is otherwise restricted or suspended. Redemptions may cause the Fund to dispose of assets in order to meet its redemption obligations earlier than anticipated or under less favourable market conditions than the Fund would otherwise have disposed of such assets. This may result in a lower Net Asset Value of the Fund generating lower or negative returns for the non-redeeming Participants. Significant redemptions may lead to significant losses to Participants, which remain invested in the Fund.

### *General Political Factors*

Investment results may be adversely affected by developments in countries in which the Fund Assets or counterparties are located. This may result in a partial or complete loss by the Fund as a result of the breakdown of the country's financial system. Such developments include, without limitation: war; civil unrest, ranging from protests to civil war; changes in the political situation and/or government of a country; acts of terrorism; expropriation and creeping expropriation; and inability to transfer moneys cross-border or convert moneys to hard currency.

### 4.3 General Risks Associated with Investments in Investee Funds

The risks similar to those cited with respect to the Fund might also apply to Investee Funds in addition to the specific risks which might be applicable to Investee Funds, such as:

#### *Market risk*

An Investee Fund may make investments in markets that are volatile and/or which may become illiquid. Accordingly, the ability of an Investee Fund to respond to market movements may be impaired, which may result in significant losses to such Investee Fund.

A public exchange typically has the right to suspend or limit trading in all securities that it lists. Such a suspension could render it impossible for an Investee Fund to liquidate its positions and thereby exposes it to losses. In addition, there is no guarantee that markets will remain liquid enough for an Investee Fund to close out positions.

#### *Cash Management*

Investee Funds may enter into arrangements by which cash not required for trading purposes will be managed by the investment managers. Such arrangements may include the entry into repurchase or reverse repurchase transactions and other cash management arrangements, including holding cash in bank accounts or secured or unsecured deposits, or investing such cash in corporate or government bonds, or such other instruments as deemed appropriate by the investment manager.

A repurchase transaction involves the sale of securities by a seller to a buyer for a purchase price, and an agreement for the seller to repurchase such securities on a mutually agreed future date for the same purchase price, plus interest at a negotiated rate. From the perspective of the buyer, the transaction is referred to as a reverse repurchase transaction, and involves buying securities against payment of a cash price, with the buyer agreeing to resell the securities at a future date, and the original seller agreeing to repurchase such securities at the same price, plus interest at a negotiated rate. Such transactions are economically equivalent to a cash loan collateralised by the securities.

The use of repurchase and reverse repurchase agreements involves certain risks. For example, if the seller of securities under a reverse repurchase transaction defaults on its obligation to repurchase the underlying securities, as a result of its bankruptcy or otherwise, the Investee Funds seek to dispose of such securities, which action could involve costs or delays. The Investee Funds may suffer a loss to the extent that the proceeds from the disposal of the underlying securities are less than the repurchase price due from the defaulting seller.

#### *Discretion of Investment Managers; Strategies, Instruments and Techniques*

The investment managers have discretion in the types of financial instruments which they may trade and have the right to modify the trading strategies, instruments or hedging techniques. Any of these new trading techniques may not be thoroughly tested in the market before being employed and may have operational or theoretical shortcomings which could result in unsuccessful trades and, ultimately, losses to the companies. In addition, any new investment strategy, choice of instruments or hedging technique may be more speculative than earlier techniques and may increase the risk of an investment.

### *Short Selling*

Short selling involves selling securities which are not owned by the short seller, and borrowing them for delivery to the purchaser, with an obligation to replace the borrowed securities at a later date. Short selling allows the seller to profit from a decline in market price to the extent such decline exceeds the transaction costs and the costs of borrowing the securities. The extent to which an Investee Fund engages in short sales will depend upon the investment manager's investment strategy and opportunities. A short sale creates the risk of a theoretically unlimited loss, in that the price of the underlying security could theoretically increase without limit, thus increasing the cost to an Investee Fund of buying those securities to cover the short position. There can be no assurance that an Investee Fund will be able to maintain the ability to borrow securities sold short. In such cases, an Investee Fund can be "bought in" (i.e., forced to repurchase securities in the open market to return to the lender). There also can be no assurance that the securities necessary to cover a short position will be available for purchase at or near prices quoted in the market. Purchasing securities to close out a short position can itself cause the price of the securities to rise further, thereby exacerbating the loss.

### *Equities*

An Investee Fund may invest in equity securities and equity derivatives. The value of these financial instruments generally will vary with the performance of the issuer and movements in the equity markets. As a result, such Investee Fund may suffer losses if it invests in equity instruments of issuers whose performance diverges from the investment manager's expectations or if equity markets generally move in a single direction and the Investee Fund has not hedged against such a general move. An Investee Fund also may be exposed to risks that issuers will not fulfil contractual obligations such as, in the case of convertible securities, delivering marketable common stock upon conversions of convertible securities and registering restricted securities for public resale.

### *Futures*

The value of futures depends upon the price of the financial instruments, such as commodities, underlying them. The prices of futures are highly volatile, and price movements of futures contracts can be influenced by, among other things, interest rates, changing supply and demand relationships, trade, fiscal, monetary and exchange control programmes and policies of governments, and national and international political and economic events and policies. In addition, investments in futures are also subject to the risk of the failure of any of the exchanges on which an Investee Fund 's positions trade or of its clearinghouses or counterparties.

Futures positions may be illiquid because certain commodity exchanges limit fluctuations in certain futures contract prices during a single day by regulations referred to as "daily price fluctuation limits" or "daily limits". Under such daily limits, during a single trading day no trades may be executed at prices beyond the daily limits. Once the price of a particular futures contract has increased or decreased by an amount equal to the daily limit, positions in that contract can neither be taken nor liquidated unless traders are willing to effect trades at or within the limit. This could prevent an Investee Fund from promptly liquidating unfavourable positions and subject an Investee Fund to substantial losses or prevent it from entering into desired trades. In extraordinary circumstances, a

futures exchange or other regulator could suspend trading in a particular futures contract, or order liquidation or settlement of all open positions in such contract.

The price of stock index futures contracts may not correlate perfectly with the movement in the underlying stock index because of certain market distortions. First, all participants in the futures market are subject to margin deposit and maintenance requirements. Rather than meeting additional margin deposit requirements, shareholders may close futures contracts through offsetting transactions that would distort the normal relationship between the index and futures markets. Secondly, from the point of view of speculators, the deposit requirements in the futures market are less onerous than margin requirements in the securities market. Therefore, increased participation by speculators in the futures market also may cause price distortions. Successful use of stock index futures contracts by an Investee Fund is also subject to the investment manager's ability to correctly predict movements in the direction of the market.

#### *Forward contracts*

An Investee Fund may make use of forward contracts. Forward contracts are transactions involving an obligation to purchase or sell a specific instrument or entitlement at a future date at a specified price. Forward contracts may be used by an Investee Fund for hedging purposes, such as to protect against uncertainty in the level of future foreign currency exchange rates. Forward contracts may also be used to attempt to protect the value of Investee Fund's existing holdings of securities held in currencies other than the base currency of an Investee Fund. As is the case for any attempt at hedging downside risk, there is a risk that there is an imperfect correlation between the value of the securities and the forward contracts entered into with respect to those holdings resulting in an unprotected loss. Forward contracts may also be used for investment, non-hedging purposes to pursue Investee Fund's investment objective, for example where it is anticipated that a particular currency will appreciate or depreciate in value.

Forward contracts and options thereon, unlike futures contracts, are generally not traded on exchanges and are not standardised; rather, banks and dealers act as principals in these markets, negotiating each transaction on an individual basis. However, certain forward currency exchange contracts are regulated as swaps by the CFTC and have begun being voluntarily traded on swap execution facilities. To the extent an Investee Fund is treated as a US Person or if Investee Fund's swap counterparty is a US person (for the purposes of the CFTC's swap regulations), some of these contracts may be required to be centrally cleared by a regulated US clearinghouse, and may be required to be traded on regulated exchanges in the future. Interbank forward and "cash" trading is substantially unregulated; there is no limitation on daily price movements and speculative position limits are not applicable. As in the case of a futures contract, a forward usually only requires a much smaller amount of margin to be provided relative to the economic exposure which the forward contract provides to the relevant investment; it creates a 'gearing' or 'leverage' effect. This means that a small margin payment can lead to enhanced losses as well as enhanced gains. It also means that a relatively small movement in the underlying instrument can lead to a much greater proportional movement in the value of the forward contract. The principals who deal in the interbank forward markets are not required to continue to make markets in the currencies or commodities they trade, and these markets can experience periods of illiquidity, sometimes of significant duration. There have been periods

during which certain participants in these markets have refused to quote prices for certain currencies or commodities or have quoted prices with an unusually wide spread between the price at which they were prepared to buy and that at which they were prepared to sell. Disruptions can occur in forward markets, particularly the currency markets, due to unusually high trading volume, political intervention, market dislocations, unanticipated third country events affecting the underlying asset, unscheduled holidays and market closures or other factors. The imposition of controls by governmental authorities might also limit such forward trading to less than that which the investment manager would otherwise recommend, to the possible detriment of an Investee Fund. Market illiquidity or disruption could result in major losses to an Investee Fund.

#### *Derivative Instruments Generally*

An Investee Fund may enter into derivative instruments, such as credit derivatives. It may take advantage of opportunities with respect to certain derivative instruments that are not presently contemplated for use or that are currently not available, but that may be developed, to the extent such opportunities are both consistent with the investment objective of an Investee Fund and legally permissible. Special risks may apply to instruments that are invested in by an Investee Fund in the future that cannot be determined at this time or until such instruments are developed or invested in by an Investee Fund. For example, risks with respect to credit derivatives may include determining whether an event will trigger payment under the contract and whether such payment will offset the loss or payment due under another instrument. In the past, buyers and sellers of credit derivatives have found that a trigger event in one contract may not match the trigger event in another contract, exposing the buyer or the seller to further risk. Other swaps, options, and other derivative instruments may be subject to various types of risks, including market risk, regulatory risk, tax risk, liquidity risk, the risk of non-performance by the counterparty, including risks relating to the financial soundness and creditworthiness of the counterparty, legal risk, and operations risk. Where an Investee Fund invests in derivatives such as futures or forwards that are linked to commodities, there is a risk that, were there to be an error in closing out the relevant position in time, an Investee Fund might be required to take physical delivery of such commodities, or arrange for another party to take delivery on short notice, with resulting additional costs. In addition, as new derivative instruments are developed, documentation may not be standardised, leading to potential disputes or misunderstanding with counterparties. The regulatory and tax environment for derivative instruments in which an Investee Fund may participate is evolving, and changes in the regulation or taxation of such financial instruments may have a material adverse effect on an Investee Fund.

#### *Options*

An Investee Fund may incur risks associated with the sale and purchase of call options and/or put options.

The seller (writer) of a call option, which is covered (i.e., the writer holds the underlying security), assumes the risk of a decline in the market price of the underlying security below the purchase price of the underlying security less the premium received, and gives up the opportunity for gain on the underlying security above the exercise price of the option. The seller of an uncovered call option assumes the risk of a theoretically unlimited increase in the market price of the underlying security above the exercise price of the option. The securities necessary to satisfy the exercise of an uncovered

call option may be unavailable for purchase, except at much higher prices, thereby reducing or eliminating the value of the premium. Purchasing securities to cover the exercise of an uncovered call option can cause the price of the securities to increase, thereby exacerbating the loss. The buyer of a call option assumes the risk of losing its entire premium investment in the call option.

The seller (writer) of a put option which is covered (i.e., the writer has a short position in the underlying security) assumes the risk of an increase in the market price of the underlying security above the sales price (in establishing the short position) of the underlying security plus the premium received, and gives up the opportunity for gain on the underlying security if the market price falls below the exercise price of the option. The seller of an uncovered put option assumes the risk of a decline in the market price of the underlying security below the exercise price of the option. The buyer of a put option assumes the risk of losing its entire investment in the put option.

#### *Exchange Traded Funds*

An Investee Fund may invest in exchange traded funds (“ETFs”), which are shares of publicly-traded unit investment trusts, open-end funds, or depository receipts that seek to track the performance and dividend yield of specific indexes or companies in related industries. These indexes may be either broad-based, sector, or international. However, ETF trades like common stock and represents a fixed portfolio of securities designed to track a particular market index. The risks of owning an ETF shareholders are generally reflect subject to the same risk as holders of owning the underlying securities they are designed to track, although lack of liquidity in an ETF could result in it being more volatile. ETFs are also subject to other certain additional risks, including, without limitation: (a) the risk that their prices may not correlate perfectly with changes in the prices of the underlying securities they are designed to track; and (b) the risk of possible trading in an ETF halting in an ETF due to market conditions or other reasons that, in, based on the view policies of the exchange upon which an ETF trades, would make trading in the ETF inadvisable. An exchange-traded sector fund may also be adversely affected by the performance of that specific sector or group of industries on which it is based. trades. In addition, an Investee Fund may bear, along with other shareholders of an ETF, its pro rata portion of the ETF's expenses, including management fees. Accordingly, in addition to bearing their proportionate share of the Investee Fund 's expenses (e.g., the management fee and operating expenses), shareholders may also indirectly bear similar expenses of an ETF, which can have a material adverse effect on the return on capital of the Investee Fund.

#### **4.4 Risks Relating to the Fund Manager**

Due to the insolvency, negligence or fraudulent actions of the Fund Manager, its officers or employees or third parties used for the custody of assets of the Fund, the value of Participations may decline.

#### **4.5 Risks Relating to the Legal Owner and the Depositary**

Due to the insolvency, negligence or fraudulent actions of the Legal Owner and/or the Depositary, their officers or employees or third parties used for the custody of assets of the Fund, the value of Participations may decline and the Fund Assets may be lost.

#### 4.6 Risks Relating to Conflicts of Interests

##### *Other Clients*

The Fund Manager and/or Affiliates of the Fund Manager may or will manage or advise clients other than the Fund. There can be no assurance that such services do not conflict with the interests of the Fund. Although the Fund Manager and the Legal Owner intend to manage potential and actual conflicts of interest issues in good faith in compliance with the Fund's conflicts of interests policy, there can be no assurance that such conflicts of interest may be resolved in the best interests of the Fund should they arise.

##### *Diverse Participants*

Participants may have conflicting investment, tax and other interests with respect to their investments in the Fund. The conflicting interests may relate to, among other things, the nature of Fund Assets, the structuring of Fund Assets and the timing of disposition of Fund Assets. As a consequence, conflicts of interest may arise in connection with decisions made by the Fund Manager that may be more beneficial for one Participant than for another Participant, especially with respect to Participant's individual tax situations. The Fund Manager will consider the investment, tax and other interests of the Fund and its Participants as a whole, not the investment, tax or other interests of any Participant individually.

*The foregoing factors are not exhaustive and do not purport to be a complete explanation of all the risks and considerations involved in investing in the Fund. In particular, the Fund's performance may be affected by changes in market conditions, and legal, regulatory and tax requirements. The Fund will be responsible for paying the fees, charges and expenses referred to in this document regardless of the level of profitability.*

*Potential Participants who are in any doubt as to the risks involved in investing in the Fund are recommended to obtain independent financial advice before making an investment.*

#### 6.6 **The Participants and Meetings of Participants**

##### 6.6.1 **Introduction**

##### 6.6.2 **Meetings of Participants**

Meetings of Participants will only be held when called by the Fund Manager.

The Fund Manager must call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of the Participants, and (ii) in case one (1) or more Participants holding, in total, at least 25% of the outstanding Participations request the Fund Manager in writing to call and hold such meeting, stating the matters to be placed on the agenda for such meeting.

Meetings of Participants will be held in Amsterdam, the Netherlands, or at such other place in the Netherlands as determined by the Fund Manager. Notice for a meeting of Participants will be published on the Fund Manager's website and sent to the (e-mail) addresses of the Participants at least fourteen (14) days prior to the date of the meeting of Participants. Such notice will state the date, time, place and location and the agenda for the meeting and enclose any documents relevant for the meeting.

Each Participant has the right to attend the meeting and to speak at the meeting. A Participant may attend the meeting by proxy, provided that the power of attorney is set forth in writing and prior to the meeting submitted for verification to the chairman of the meeting.

### **6.6.3 Voting by Participants**

To each Participation is attached the right to cast one (1) vote. Resolutions require, as set forth in the Terms and Conditions, either a simple or a qualified majority of the votes that can be cast on all outstanding Participations being exercised in favour of the proposal.

## **6.7 Conflicts of interest**

### **6.7.1 General**

In the business and operations of the Fund, conflicts of interest may arise in respect of investment and divestment transactions, the hiring of services providers as well as other transactions. The Fund's organisational documents will provide for provisions safeguarding the appropriate equitable solution of such conflict of interest situation.

A key role in the resolution of conflict of interest situations will be played by the meeting of Participants, it being understood that except with the prior approval of the Participants by Ordinary Consent the Fund will not directly:

- a) enter into any transaction with the Fund Manager, the Legal Owner, any Participant or any of its or their Affiliates; or
- b) enter into any transaction at non-arm's length terms and conditions.

### **6.7.2 Involvement of the Fund Manager and Legal Owner in Other Funds**

The Fund Manager and its Affiliates may advise and manage, and in the future may continue to advise and manage, other clients and/or investment funds having substantially similar fund objectives and investment strategy as those of the Fund.

The Fund Manager and its Affiliates will allocate investment opportunities among such clients and funds on an equitable basis in their good faith discretion, based on the applicable investment guidelines of such investors and funds, portfolio diversification requirements and other appropriate factors.

The Legal Owner may hold the legal ownership of, and in the future may continue to hold the legal ownership of, the assets of other clients and/or investment funds having substantially similar fund objectives and investment strategy as those of the Fund.

#### **6.8 Complaints Procedure**

A Participant can address a complaint related to the Fund, the Fund Manager or any service provider of the Fund to the management board of the Fund Manager in writing (which includes correspondence by e-mail). The Fund Manager will confirm receipt of such complaint and indicate in which manner the complaint will be dealt with within three (3) Business Days of the receipt of such complaint.

## **7 ADMISSION TO THE FUND AND SUBSCRIPTIONS**

### **7.1 Subscriptions**

#### **7.1.1 Conditions**

On any Subscription Date, provided the requirements of the Terms and Conditions have been met, the Fund Manager may, at its sole discretion, issue Participations at the request of a new or existing Participant set forth in a Subscription Form. The Participations shall be issued in Amsterdam, the Netherlands. All Participants shall be treated fairly by the Fund Manager and no Participant shall obtain preferential treatment.

#### **7.1.2 Subscription Price and Subscription Costs**

The Subscription Price of a Participation is equal to the Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Subscription Date. The Total Subscription Price is the applicable Subscription Price multiplied by the number of issued Participations. The minimum initial Total Subscription Price is EUR 125,000 per Participant for Class A Participations and EUR 5,000,000 per Participant for Class B Participations. This minimum subscription amount may be waived by the Fund Manager in its sole discretion.

The closing date is a date to be determined by the Fund Manager after the AFM has registered the Fund with the AFM register, and being the date on which the Fund Manager accepts the first subscriptions (the “**Closing Date**”). Up to and including the Closing Date, Participations are offered at a price of EUR 100 per Participation. After the Closing Date, the Participations are offered at a price based on Net Asset Value per Participation as at the Valuation Date immediately preceding the applicable Subscription Date.

In order to determine the total amount due by the subscriber to the Fund in consideration for the issuance of Participations (the Total Subscription Amount), the Total Subscription Price might be increased by a surcharge equal to the amount of the surcharge levied at the level of the relevant Investee Fund (the “**Investee Fund Surcharge**”), in the event a surcharge is levied at the level of the relevant Investee Fund. It is not expected that a surcharge will be levied at the level of Investee Funds.

In case a Participant has paid an amount exceeding the Total Subscription Amount, this amount will be repaid to the Participant.

The Investee Fund Surcharge which is maximised at 0.5% serves to compensate the Fund for the surcharge levied at the level of the relevant Investee Fund and shall be for the benefit of the Fund.

#### **7.1.3 Procedure**

Applications for Participations must be made by submitting a duly signed and completed Subscription Form to the Administrator at least three (3) Business Days before the relevant Subscription Date as per which the applicant wishes to receive Participations.

Payment of the Total Subscription Amount must be received in Euro in the bank account of the Legal Owner as specified in the Subscription Form at least three (3) Business Days before the relevant

Subscription Date as per which the applicant wishes to receive Participations (please refer to the Subscription Form for further payment details and instructions).

If either (i) the signed and completed Subscription Form, or (ii) the Total Subscription Amount has not been received timely, no Participations will be issued and the application shall be retained until the next Subscription Date (for the avoidance of doubt, no interest shall be due). In that case, the Net Asset Value per Participation on that Subscription Date shall be the basis for the determination of the Subscription Price for any Participations issued as per that Subscription Date, subject to receipt of (i) and (ii).

The Fund Manager may decide, at its sole discretion, to (i) accept Subscription Forms which are not received timely (but not later than on the Valuation Date immediately preceding the relevant Subscription Date) and (ii) accept an application for Participations in case of overdue payment, provided that the Total Subscription Amount has been received on the Business Day prior to the relevant Subscription Date.

The Fund Manager reserves the right to accept or reject any application in whole or in part at its absolute discretion. When an application is rejected, the amount paid on application or the balance thereof (as the case may be) will be returned (without interest) as soon as practicable.

Completed applications are irrevocable once the relevant Subscription Form has been received by the Administrator and the Total Subscription amount has been received in the bank account of the Legal Owner. Upon issuance of the Participations in satisfaction of an application, the Administrator will confirm the number and value of the Participations so issued. For the avoidance of doubt, the Participations subscribed to prior to the Closing Date, shall be issued on the Closing Date.

The Done Hedge Fund has a minimum initial subscription requirement of EUR 5,000,000 for class D Done Participations. Other Investee Funds might also have such minimum subscription requirements. Therefore, the Fund might have a higher cash weighting than anticipated for a period of time during which a minimum subscription requirement at the level of an Investee Fund has not yet been met by the Fund. For the avoidance of doubt, during such period all fees described in Section 9 of this Prospectus (including the Management Fee) shall continue to be payable out of the Fund Assets.

## **7.2 Participant Representations and Warranties and Prevention of Money Laundering**

### **7.2.1 Representations and Warranties**

The Subscription Form requires each applicant for Participations to make certain representations and warranties to the Legal Owner and the Fund Manager.

Persons subscribing on behalf of others, such as nominees, securities giro's and feeder and custody entities, will need to represent to the Fund Manager and the Legal Owner in an addendum to the Subscription Form certain additional representations, including but not limited to compliance with know your customer (KYC) and anti-money laundering (AML) rules.

### 7.2.2 *Prevention of Money Laundering and Financing of Terrorism*

Measures aimed at the prevention of money laundering and financing of terrorism will require each applicant for Participations to evidence its identity to the Administrator (“**KYC requirements**”). The procedure used by the Administrator is stated in the Subscription Form and is compliant with the Dutch Act on the prevention of money laundering and financing of terrorism (*Wet ter voorkoming van witwassen en financieren van terrorisme*) summarized in **Schedule 3** attached hereto.

The Administrator reserves the right to request such other information as is necessary to verify the identity of an applicant. Pending the provision of evidence satisfactory to the Administrator as to the identity, the evidence of title in respect of interests may be retained at the absolute discretion of the Administrator. If, within a reasonable period of time following a request for verification of identity, the Administrator has not received evidence satisfactory to it as mentioned above, the Fund Manager may, in its absolute discretion, refuse to allot the Participations applied for in which event the subscription proceeds will be returned without interest and/or less any other costs incurred by the Fund relating to the transaction of the applicant to the account from which such proceeds were originally debited.

In the event that changes in KYC requirements occur either in policy or in legislation after an investor’s have been allotted, investors will be obliged to provide additional KYC documentation to satisfy such changed requirements within a reasonable period of time following a request for such additional documentation. Any investor who does not or cannot provide the additional KYC documentation may be forcibly redeemed from the Fund in accordance with the mandatory redemption provisions as set forth in the Terms and Conditions.

Investors should be aware that the Total Subscription Amount (minus the surcharges) will be at risk once it has been invested in the Fund. An investor’s failure to comply with applicable KYC requirements may result in the return of an amount lower than the Total Subscription Amount.

## 8 TRANSFER AND REDEMPTION OF PARTICIPATIONS

### 8.1 Introduction

Participations are not listed on a regulated stock exchange nor does the intention exist to apply for such listing in the foreseeable future. No developed unregulated market for Participations exists and no party has been instructed by the Fund or the Fund Manager to maintain a market for Participations. A transfer of Participations is subject to certain conditions. Though the Fund is in principle obliged to redeem Participations at the request of a Participant, the Fund will under circumstances not be able and/or not obliged to do so.

Participations therefore might be a less liquid investment as expected by a Participant and (prospective) Participants should take into account that under circumstances they cannot liquidate such numbers of their Participations at such moments as they intend to.

### 8.2 Transfer of Participations

A Participant may transfer all or some of such Participant's Participations provided that all of certain conditions set forth in the Terms and Conditions have been met.

One of these conditions is that the envisaged transfer has been approved by the Fund Manager (such approval to be given or withheld at the Fund Manager's sole discretion).

### 8.3 Redemption of Participations at the Request of a Participant

On any Redemption Date, provided the requirements of the Terms and Conditions have been met and redemption of Participations is not suspended in accordance with Article 8.3.3, the Fund Manager will redeem Participations at the request of a Participant sent in writing to the Administrator.

The Fund Assets will be sufficiently liquid to, under normal circumstances, allow the Fund to redeem Participations as requested by its Participants for at least 10% of the assets managed.

#### 8.3.1 *Redemption Price and Costs of Redemption*

The redemption price of a Participation is equal to the Net Asset Value per Participation as at the Valuation Date immediately preceding the Redemption Date on which the relevant Participant is redeemed. The Total Redemption Price is the applicable redemption price multiplied by the number of redeemed Participations.

In order to determine the net amount due by the Fund to a Participant in consideration for the redemption of Participations (the Total Redemption Amount), the Total Redemption Price might be reduced by a discount equal to the amount of the charge levied at the level of the relevant Investee Fund (the "**Investee Fund Discount**"), in the event a charge is levied at the level of the relevant Investee Fund. It is not expected that a charge will be levied at the level of Investee Funds.

The Investee Fund Discount which is maximised at 0.5% serves to compensate the Fund for the charge levied at the level of the relevant Investee Fund and shall be for the benefit of the Fund.

### **8.3.2 Procedure**

Applications for the redemption of Participations should be submitted to the Administrator by means of a duly signed Redemption Notice specifying the details of the redemption at least two (2) Business Days before the relevant Redemption Date. Redemption Notices are irrevocable once received by the Administrator.

If the Redemption Notice has not been received timely, the application shall be retained until the next Redemption Date. In that case, the Net Asset Value per Participation as at the Valuation Date immediately preceding that next Redemption Date shall be the basis for the determination of the Redemption Price for any Participations redeemed as per that Redemption Date.

The Fund Manager may decide, at its sole discretion, to accept Redemption Notices which are not received timely (but not later than on the relevant Redemption Date).

The Total Redemption Amount will be paid to the redeeming Participant within five (5) Business Days after the release of the Net Asset Value of the applicable Redemption Date or at such earlier date as practicable, provided that the Fund has received the redemption proceeds from the relevant Investee Fund, unless exceptional circumstances occur, in which case the consideration will be paid at the earliest possible Business Day thereafter.

### **8.3.3 Suspension of Redemption**

The Fund Manager may suspend the redemption of Participations if:

- a) the determination of the Net Asset Value has been suspended (see Section 10.2); or
- b) for whatever reason, the redemption of the Investee Funds Interests is suspended at the level of the relevant Investee Fund.

### **8.4 Mandatory Redemption of Participations**

The Fund Manager and the Legal Owner shall under certain extraordinary circumstances as set forth in the Terms and Conditions and with due regard to the general provisions and conditions relating to redemption of Participations be entitled to redeem all (but not part of) the Participations of any Participant.

## **9 COSTS AND EXPENSES**

### **9.1 Introduction**

In this Section 9 all costs and expenses related to the organisation, management and transactions of the Fund which will be paid by or charged to the Fund and accordingly result in a reduction of the Fund's Net Asset Value are described.

This Section does not refer to costs and fees charged to the Participants by the Fund upon a subscription for or redemption of Participations (for these costs and fees see Sections 7 and 8) or by their own service providers in connection with an envisaged investment in or divestment from the Fund (like fees and costs charged to a Participant by its advisors, banks or brokers).

All costs referred to in this Section will be allocated to the period to which they relate. Unless indicated otherwise, all costs will be brought at the charge of the Fund's profit and loss account.

All amounts and percentages mentioned in this Section 9 are exclusive of Dutch or foreign value added tax (VAT), if due. Under present legislation, the Fund cannot deduct VAT charged to the Fund.

The Fund Manager will select transactional service providers on the basis of various considerations, like quality, promptness of performance of services and fee rates. Fee rates may not exceed market standard rates. The total amount of transaction costs from time to time is variable and depends on the number and size of transactions and applicable rates.

#### **9.2.2 *Fund Operational Costs***

- (ii) Class B Participations: 0.12% of the Net Asset Value,

and excluding (i.e. before deduction of) the Management Fee, as at the last calendar day of each month, payable monthly in arrears out of the Fund Assets. A minimum of EUR 30,000 per annum applies. Any changes to the Management Fee are subject to the prior approval of the Fund Manager and the Legal Owner.

The Fund Manager shall pay out of the Management Fee received the following management fee discount to the Fund, payable monthly in arrears:

- (i) during the first 20 (twenty) months, EUR 1,000 per month; and
- (ii) 0.75% of the Net Asset Value per annum (from the Management Fee received on Class A Participations).

The discount will be paid to the Fund, so both Classes of Participations benefit from the discount, on a *pro rata* basis.

For the avoidance of doubt the Fund shall not bear the cost of remunerating any employee of the Fund Manager or any of its Affiliates or any office rental, utilities or office equipment or other overhead or travel costs of any of their respective personnel, it being acknowledged that the Management Fee is intended to compensate the Fund Manager for such costs.

### 9.2.4 **Organisational Expenses**

The Fund will bear its own organisational and establishment costs. Expenses in connection with the establishment of the Fund and organisational costs of the Fund, will be paid out of the Fund Assets, including (but not limited to) legal, accounting and tax advisory fees, research costs, incorporation expenses and travel costs.

Establishment costs (set-up costs) estimated at EUR 35,000 as reimbursement for the costs incurred by the Fund Manager and effort of the Fund Manager in connection with the formation of the Fund and EUR 15,000 for legal and tax advisory fees. Establishment costs (estimate to be a total of EUR 60,000 ex VAT) shall be activated and written off over a period of twelve (12) months.

### 9.2.5 Ongoing Charges Figure

The ongoing charges figure (OCF) is the total amount of the costs of the Fund incurred in a year - except for transaction costs, interest costs and costs related to the issue and redemption of Participations that are chargeable to the net assets of the Fund - expressed as a percentage of the Fund's average Net Asset Value for the year concerned. The OCF will be calculated at the end of each financial year and published annually in the Fund's annual reports. The OCF calculated in the table below illustrates the OCF for the first six (6) months of the Fund and is based on an expected AUM of EUR 25 million in the Class A and EUR 5 million in the Class B.

The below table illustrates the expected OCF of the Fund:

The Fund Manager shall value the Fund Assets and Fund Obligations in accordance with Dutch GAAP and, where more specific, certain valuation methods set forth in the Terms and Conditions, whilst Dutch GAAP will prevail for financial reporting purposes should there be a conflict between the two.

The Investee Funds Interests shall be valued on the basis of the latest available valuation of Investee Funds Interests provided by the administrators of the relevant Investee Funds, as further set forth in the Terms and Conditions. The Fund Manager has delegated the calculation of the Net Asset Value to the Administrator. To ensure valuations received from administrators of the Investee Funds are appropriate, valuations are reviewed by the Fund Manager and the Administrator, based on the previous valuation received and other relevant information. Valuations that deviate materially from the previous valuation are further analysed and if needed discussed with the manager or administrator of the relevant Investee Fund.

The Fund Manager has delegated the determination of the Net Asset Value and the Net Asset Value per Participation to the Administrator. In determining the Net Asset Value of the Fund and the Net Asset Value per Participation, the Administrator will follow the valuation policies and procedures adopted by the Fund as set out above. If and to the extent that the Fund Manager is responsible for or otherwise involved in the pricing of any of the Fund's portfolio securities or other assets, the Administrator may accept, use and rely on such prices in determining the Net Asset Value of the Fund and shall not be liable to the Fund, any Participant in the Fund, the Fund Manager or any other person in so doing.

The Fund Manager may declare a suspension of the determination of the Net Asset Value and the Net Asset Value per Participation:

- (a) if the price of securities in which the Fund is directly or indirectly invested is suspended (for instance because a stock exchange on which Fund Assets are listed, or on which securities which belong to the assets of a collective investment scheme in which the Fund is invested are listed

- directly or indirectly, are closed on other days than normal days of closure or if the transactions on these exchanges are suspended or subject to irregular restrictions);

  - (c) if there are factors relating to the political, economic, military or monetary situation that make it impossible for the Fund Manager to determine the Net Asset Value; or
  - (d) if a resolution to liquidate the Fund is passed.

When the Fund Manager is unable to determine the Net Asset Value and the Net Asset Value per Participation, the Participants will be informed hereof.

In case of errors in the calculation of the Net Asset Value, the Fund Manager will as soon as possible prepare a report on the errors that were made and which correction will need to be made to the Net Asset Value. If a correction is required of more than 0.5% of the Net Asset Value with a minimum of EUR 100 per Participant, and a Participant incurred a loss by an allocation or redemption against the erroneously calculated Net Asset Value, the Fund will at the request of such Participant provide compensation (in cash or in Participations) for the relevant Participant for the actual loss incurred. The compensation will be paid out of the Fund Assets.

Under the U.S. Foreign Account Tax Compliance Act ("**FATCA**"), the United States will impose a withholding tax of 30 per cent on certain U.S. sourced gross amounts not effectively connected with a U.S. trade or business paid to certain "Foreign Financial Institutions", including the Fund, unless some information reporting requirements are complied with.

The Fund will use reasonable efforts to satisfy any obligations imposed on it in order to avoid the imposition of this withholding tax (except with respect to the interest of "recalcitrant account holders" as described in §1.1471-5(g)(2) of the Foreign Account Tax Compliance Act). A fund's ability to satisfy its obligations under an agreement with the U.S. Internal Revenue Service ("**IRS**") will depend on each participant of such fund providing the fund with any information, including information concerning the direct or indirect owners of such participant, that the fund determines is necessary to satisfy such obligations. Any such information provided to a fund will be shared either with the local tax authority

or the IRS, depending on the Model of the Intergovernmental Agreement. An investment fund that is classified as subject to FATCA requirements will be required to register with the IRS and obtain a Global Intermediary Identification Number ("**GIIN**") and agree to have policies and procedures in place to identify certain direct and indirect U.S. account holders or equity holders. For these purposes the Fund would fall within the definition of a foreign financial institution ("**FFI**") for the purpose of FATCA.

Each prospective Participant agrees by signing the Subscription Form to provide such information upon request from the Fund Manager or the Administrator. If a fund fails to satisfy such obligations or if a participant of a fund fails to provide the necessary information to such fund, as applicable, payments of U.S. source income and payments of proceeds will generally be subject to a 30 per cent withholding tax.

The Fund may exercise its right to completely redeem a participant that fails to provide the Fund or the Administrator with the requested information in order for the Fund to satisfy its FATCA obligations, and the Fund may take any other action deemed necessary in relation to a participant's shares or redemption proceeds to ensure that such withholding is eventually borne by the relevant participant whose failure to provide the necessary information gave rise to the withholding tax. Each prospective Participant in the Fund should consult their own tax advisor regarding the requirements under FATCA with respect to their own situation.

The Fund will endeavour to satisfy the requirements imposed on the Fund by FATCA to avoid the imposition of FATCA withholding tax. However, there can be no guarantee or assurance that the Fund will comply with all the requirements imposed by FATCA. In the event that the Fund is not able to comply with the requirements imposed by FATCA and the Fund does suffer US withholding tax on its investments as a result of non-compliance, the Net Asset Value may be affected and the Fund may suffer loss as a result.

### ***The Common Reporting Standard***

The Netherlands is one of multiple jurisdictions which have agreed to the automatic exchange of financial account information on the basis of the standard published by the Organisation for Economic Co-operation and Development (the "**Common Reporting Standard**" or the "**CRS**"). Financial institutions resident in jurisdictions which have agreed to the CRS, should report certain account holder information to their local tax authorities who will then exchange such information with countries where account holders are tax residents. It can provide timely information on non-compliance where tax has been evaded, particularly where tax administrations have had no previous indications of non-compliance.

For the purposes of efficiency, the CRS was deliberately built on the framework of FATCA and replicates many of its principles, although there is no withholding tax regime or requirement for reporting financial institutions to register with Foreign Tax Authorities (as defined below). Furthermore, certain CRS client classification, due-diligence and reporting requirements differ from or are more expansive to those deriving from FATCA. Further inter-governmental agreements will therefore be entered into with other third countries by the Dutch government from time to time to enable reporting to such third countries' tax authorities ("**Foreign Tax Authorities**") as provided in the CRS.

By investing or continuing to invest in the Fund, Participants shall be deemed to acknowledge that:

- (i) the Fund is considered to be a reporting financial institution under the CRS and the Fund (or its agent) will be required to disclose to the competent tax authority of the Netherlands certain confidential information in relation to the Participant, including but not limited to the Participant's name, address, tax identification number (if any), social security number (if any) and certain information relating to the Participant's investment;
- (ii) the competent tax authority of the Netherlands will be required to automatically exchange information as outlined above with the Foreign Tax Authorities;
- (iii) the Fund (or its agent) will be required to disclose to the Foreign Tax Authorities certain confidential information when registering with such authorities and if such authorities contact the Fund (or its agent directly) with further enquiries;
- (iv) the Fund may require the Participant to provide additional information and/or documentation which the Fund will be required to disclose to the competent tax authority of the Netherlands;
- (v) in the event a Participant does not provide the requested information and/or documentation, whether or not that actually leads to breach of the applicable laws and regulations by the Fund, a risk for the Fund or the Fund's Participants being subject to withholding tax or penalties under the relevant legislative or inter-governmental regimes, the Fund reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption or withdrawal of the Participant concerned;
- (vi) no Participant affected by any such action or remedy shall have any claim against the Fund (or its agent) for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Fund in order to comply with the CRS, any further inter-governmental agreements or any of the laws and regulations related to the CRS; and
- (vii) all information to be reported under CRS will be treated as confidential and such information shall not be disclosed to any persons other than the competent tax authority of the Netherlands and the Foreign Tax Authorities or as otherwise required by law.

Participants should ensure that their tax affairs are compliant with the laws and regulations applicable in their jurisdiction(s) of residence and/or citizenship (as applicable).

## **11 DISTRIBUTIONS**

### **11.1 Distributions Policy**

As primary Fund Objective of the Fund is to achieve capital growth. Frequent and regular distributions of Net Proceeds (including dividend distributions) by the Fund are not intended nor anticipated. However, the Fund Manager may, at its sole discretion and at any time, decide to distribute any Net Proceeds. It is expected that the Fund Manager will especially do so if the Fund Manager is of the opinion that there are no sufficient suitable investment opportunities to achieve the Fund Objectives of the Fund. All distributions (including profit distributions) to the Participants will be made pro rata to the number of Participations held by each Participant.

Any distribution (including profit distributions) to the Participants, including the amount, composition and manner of payment, shall be published on the Fund Manager's website.

### **11.2 Form of Distributions**

Distributions of Net Proceeds (including profit distributions) will be made in cash, in Euro to the holders of Class A Participations and Class B Participations.

## 12 DUTCH TAXATION ASPECTS

### 12.1 Introduction

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a Participant, and does not purport to deal with the tax consequences applicable to all categories of Participants. The tax and other matters described in this Prospectus do not constitute, and should not be considered as, legal or tax advice to prospective Participants. Participants should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of the Participations.

### 12.2 Taxation of the Fund

The Fund qualifies as a non-transparent or “opaque” fund for Dutch tax purposes, since Participations can be transferred to persons other than (i) the Fund itself and (ii) relatives connected by blood or affinity in the direct line of a Participant without the requirement to obtain (implicit) approval from all Participants. Consequently, pursuant to article 2(2) CITA the Fund qualifies as an ‘open’ fund for joint account and therefore a taxable entity. In principle, this would imply that the Fund is subject to the standard Dutch corporate income tax regime.

However, pursuant to article 6a CITA, provided certain criteria are met, an investment fund (*beleggingsfonds*) as referred to in article 1:1 of the FSA may file an application with the Dutch tax authorities to obtain the status of an exempt investment institution (*vrijgestelde beleggingsinstelling*). If such application is approved, the relevant investment institution is eligible for exemption from corporate income tax.

The status of exempt investment institution can be granted by the Dutch tax inspector by means of an official decree (*beschikking*) given upon request of the taxpayer. The relevant request must be submitted prior to the end of the first financial year for which designation as an exempt investment institution is desired. On behalf of the Fund, such a request has been filed, meaning that if the request is approved, the Fund will enjoy the status of exempt investment institution effective as per the date of its establishment.

In order to obtain - and retain - the status of an exempt investment institution, the objective of the Fund, as well as its actual business operations, must entail (passive) investment in financial instruments (e.g. shares and bonds and/or their derivatives). Furthermore, the Fund must apply a policy of risk spreading as well as a policy of repurchasing its own shares if directly or indirectly offered for sale by its Participants (i.e., be an open-ended fund). Please note that no requirements apply as regards the capacity of the Participants and with respect to the level of debt financing or annual distributions.

In case the Fund would no longer meet one or more of the aforementioned conditions, its status as an exempt investment institution would be lost with retroactive effect until the beginning of the

relevant financial year. This implies that Dutch corporate income tax would be due on any results achieved in that financial year.

### **12.3 Withholding Taxes**

Pursuant to article 1(2) DTA, in principle distributions by the Fund are subject to the levy of Dutch dividend withholding tax. The statutory withholding rate is 15%, which in particular circumstances may be reduced under the vigour of a bilateral tax treaty and/or the EU Parent-Subsidiary Directive.

However, in case the taxpayer has obtained the status of exempt investment institution on the basis of article 6a CITA, then pursuant to article 1(4) DTA there is no obligation to withhold dividend tax on its distributions either. This implies that once the Fund has obtained such status, both the realization and the distribution of profits should have no tax implications.

Being an exempt investment institution, the Fund cannot invoke bilateral tax treaties concluded by the Netherlands in order to benefit from exemption or reduction of any foreign taxes withheld on dividend or interest payments received by the Fund. Furthermore, the Fund cannot claim a credit or refund of any such foreign taxes from the Dutch Revenue, nor can it claim a credit or refund of any Dutch withholding tax on dividend income received.

### **13 POLICY REGARDING VOTING RIGHTS AND VOTING CONDUCT INVESTEE FUNDS**

The Fund Manager foresees on behalf of the Fund, in its capacity of the holder of Investee Funds Interests, to attend the general meetings of shareholders/limited partners/members of the Investee Funds and any relevant sole class or category meetings and shall exercise the voting rights attached to such Investee Funds Interests while taking into account the Fund Objective.

## **2 NAME, LEGAL FORM, TAX AND REGULATORY STATUS**

- 2.1 The name of the Fund is: Privium Done Hedge Fund.
- 2.2 The Fund is a fund for joint account (*fonds voor gemene rekening*) organised and existing under the laws of the Netherlands.
- 2.3 The Fund is an investment fund (*beleggingsfonds*) as referred to in article 1:1 of the FSA. The Fund Manager is in possession of an AFM license as referred to in article 2:65(1)(a) FSA, and as a consequence may offer the Fund to professional and non-professional investors within the Netherlands. The Fund Manager is subject to conduct of business and prudential supervision by the AFM and DNB.
- 2.4 The Fund is under Dutch law not a legal entity nor a partnership, commercial partnership or limited partnership (*maatschap, vennootschap onder firma or commanditaire vennootschap*), but a contractual arrangement *sui generis* between the Fund Manager, the Legal Owner and each of the Participants separately, governing the assets and liabilities acquired or assumed by the Fund Manager or the Legal Owner for the account and risk of the Participants.
- 2.5 These Terms and Conditions form part of the contractual relationship existing between the Fund Manager, the Legal Owner and each Participant (separately) originating from the execution of the Participant's Subscription Form.
- 2.6 These Terms and Conditions do not form an agreement between any or all Participants among themselves and are not (otherwise) aimed at any cooperation among or between any or all Participants and no provision of these Terms and Conditions shall constitute or be interpreted as constituting any right or obligation existing between any or all Participants vis-à-vis each

other or as a cooperation agreement (*samenwerkingsovereenkomst*) between the Fund Manager, the Legal Owner and any of the Participants.

- 2.7 A Participant's obligation to pay a consideration for Participations is a commitment (*verbintenis*) to the Legal Owner (represented by the Fund Manager) only. This commitment is no contribution (*inbreng*) or commitment to make contribution to any partnership.
- 2.8 On behalf of the Fund, a request has been filed with the Dutch tax inspector to grant the Fund the status of exempt investment institution by means of an official decree (*beschikking*) effective as per the date of its establishment. This implies that once the Fund has obtained such status, both the realization and the distribution of profits should have no tax implications.

### **3 TERM**

The Fund is formed for an indefinite period of time but shall terminate upon the occurrence of any of the events set forth in Article 24.1.

### **4 FUND OBJECTIVE, INVESTMENT STRATEGY, INVESTMENT RESTRICTIONS**

- 4.1 The Fund's objective is to achieve absolute returns for the Participants regardless the direction of the underlying markets.
- 4.2 To achieve the Fund Objective, the Fund will primarily invest in class D Done Participations issued by the Done Hedge Fund and may acquire interests in other Investment Funds mainly focussed on investments in listed financial instruments by application of various arbitrage strategies. The Fund may also hold cash and cash equivalents.
- 4.3 If the Fund holds investments denominated in currencies other than the Euro, this entails a foreign exchange risk. The Fund Manager may therefore hedge foreign exchange risks if it considers this to be in the interest of the Fund.
- 4.4 Article 4:37(c)(5) FSA contains certain requirements for feeder AIFs within the meaning of article 4.1(m) of the AIFMD. Therefore, the Fund Manager shall not (i) invest 85% or more of the assets of the Fund in units or shares of (a) any one (1) Investment Fund, or (b) more than one (1) Investment Fund where such Investment Funds have identical investment strategies; or (ii) otherwise have an exposure of at least 85% of the assets of the Fund in any one (1) Investment Fund, unless it would believe to still be acting in compliance with article 4:37(c)(5) FSA, for instance if:
- 4.4.1 following such investment or exposure the Fund shall not fall under the definition of a feeder AIF within the meaning of article 4.1(m) of the AIFMD; or
- 4.4.2 the competent authorities so confirm.
- 4.5 The Fund Manager is not allowed to lend any of the Fund Assets to a third party or borrow money against such assets, except for bridge financing purposes.

### **5 MANAGEMENT AND ADMINISTRATION, LIABILITY OF THE FUND MANAGER**

The Fund Manager is, subject to these Terms and Conditions, entitled and authorised (i) to acquire (*verkrijgen*) and to dispose of (*beschikken over*) Fund Assets and to enter into and assume Fund Obligations in the name of the Legal Owner for the account and risk of the Participants, and (ii) to perform any and all other acts in its own name or in the name of the Legal Owner for the account and risk of the Participants which are reasonably necessary for or conducive to the attainment of the Fund Objectives. The Fund Manager's authority to act in the Legal Owner's name shall be subject to a power of attorney granted to the Fund Manager.
- 5.2 In the performance of its obligations and in the exercise of its rights, powers and authorities hereunder, the Fund Manager shall exercise the standard of care, skill, prudence and diligence under the circumstances then prevailing that a prudent (*zorgvuldig*) person acting in a like capacity and familiar with such matters would use in the conduct of managing an investment fund of like character, risk profile and Fund Objectives as the Fund, having regard to the provisions hereof.
- 5.3 In managing and administering the Fund, the Fund Manager shall act solely in the interest of the Participants. The management and administration of the Fund shall be performed for the account and risk of the Participants. ## **6 AUTHORITY TO INVEST AND ADMINISTER**

- 6.1 Subject to the Fund Objective, the Investment Strategy, the Investment Restrictions and this Article 6, the Fund Manager may invest in any eligible assets and assume eligible obligations. The determination of the Fund Manager as to whether or not the assets and obligations are of a type which may be acquired or held by or on behalf of the Fund in view of the Fund Objective, Investment Strategy and Investment Restrictions shall be conclusive.
- 6.2 It is the intention that subject only to the Investment Strategy and the Investment Restrictions and the specific restrictions mentioned herein, the Fund Manager shall have the broadest power and authority in making investments consistent with the investment powers herein provided. The Fund Manager shall have sole discretionary power to retain for as long a period as it shall think proper and to manage, convert, exchange, transfer and dispose of the Fund Assets and Fund Obligations. The Fund Manager shall have and may exercise every right and privilege pertaining to management provided that the exercise of such right or privilege is consistent with these Terms and Conditions.

## **7 CONFLICTS OF INTEREST**

- 7.1 Except with prior approval of the Participants by Ordinary Consent, the Fund Manager (with respect to the Fund) will not, directly or indirectly:

## **8 RESIGNATION OF THE FUND MANAGER**

- 8.1 The Fund Manager shall resign, without any further action of any party being required:

- 9.4 The Legal Owner shall ensure that with respect to the Fund Obligations assumed and contracts entered into in the name of the Legal Owner, it shall be explicitly stipulated that (i) the Legal Owner is acting in its capacity as Legal Owner of the Fund, and, unless the Legal Owner deems such statement in a specific contract not feasible, immaterial and/or not in the interests of the Participants, that (ii) the counterparty or counterparties undertake(s) to never seek recovery on anything other than the Fund Assets.
- 9.5 In acting as Legal Owner of the Fund, the Legal Owner shall act solely in the interests of the Participants. The Legal Owner cannot represent (*vertegenwoordigen*) or bind the Participants.
- 9.6 The Legal Owner shall only dispose of the assets held by it in custody following receipt of a statement from the Fund Manager that such delivery is required in connection with the regular performance of management duties.
- 9.7 The Legal Owner shall only dispose of the assets held by it in custody with the cooperation of the Fund Manager; for this purpose the Legal Owner hereby grants a power of attorney to the Fund Manager, with full powers of substitution, to perform all custody and asset management activities pursuant to the Terms and Conditions.
- 9.8 The Legal Owner shall only be liable towards the Participants for a loss suffered by them in connection with a breach of Legal Owner's duties and responsibilities under the Fund Documents that is attributable to it (*toerekenbare tekortkoming in de nakoming*).

- 11.3 The liability of a Participant vis-à-vis the Fund will be limited to the amount of the Total Subscription Amount due by the Participant in respect of its Participations to the extent not previously paid to the Legal Owner, but notwithstanding its liability by virtue of the law and these Terms and Conditions for its default on any of its obligations under these Terms and Conditions and its Subscription Form. The Participants shall not be liable for the Fund Manager's obligations, the Legal Owner's obligations or the Fund Obligations.

## **12 MEETINGS OF PARTICIPANTS, RESOLUTIONS OF PARTICIPANTS**

- 12.1 Meetings of Participants will only be held when called by the Fund Manager. The Fund Manager must call a meeting of Participants (i) as often as the Fund Manager deems necessary in the interest of the Participants, and (ii) in case one (1) or more Participants holding, in total, at least 25% of the outstanding Participations request the Fund Manager in writing to call and hold such meeting, stating the matters to be placed on the agenda for such meeting, in which case the meeting must be held within fourteen (14) days after the date of the request.
- 12.2 The agenda for a meeting of Participants shall be determined at the sole discretion of the Fund Manager or, as the case may be, the Participant(s) who requested the Fund Manager to hold the meeting in accordance with the second sentence of Article 12.1. No valid resolutions can be taken on subjects not mentioned on the agenda unless such resolution is taken by unanimity of votes of all Participants.
- 12.3 Notice for a meeting of Participants will be published on the Fund Manager's website and sent to the (e-mail) addresses of the Participants in accordance with the provision of Article 27.1 at least fourteen (14) days prior to the date of the meeting of Participants. Such notice will state the date, time, place and location and the agenda for the meeting and enclose any documents relevant for the meeting.

- 12.5 A Participant may participate in a meeting by telephone. Meetings of Participants may be held by conference call unless a majority of the Participants in a specific case oppose against the holding of the meeting by conference call. Resolutions taken at such meeting need after the meeting to be confirmed in writing by the applicable majority of Participants in order to be valid.
- 12.6 A Participant may authorise (*volmachtigen*) another Participant or other person to attend a meeting of Participants (or participate in a meeting of Participants by telephone), to address the meeting and to vote at the meeting provided that the relevant power of attorney is validly set forth in a written document submitted prior to the meeting to the chairman of the meeting.

Any costs related hereto shall be charged to the relevant Participant.

#### 14. THE U.S. FOREIGN ACCOUNT TAX COMPLIANCE ACT

Under the U.S. Foreign Account Tax Compliance Act (“**FATCA**”), the United States will impose a withholding tax of 30 per cent on certain U.S. sourced gross amounts not effectively connected with a U.S. trade or business paid to certain “Foreign Financial Institutions”, including the Fund, unless some information reporting requirements are complied with.

The Fund will use reasonable efforts to satisfy any obligations imposed on it in order to avoid the imposition of this withholding tax (except with respect to the interest of “recalcitrant account holders” as described in §1.1471-5(g)(2) of the Foreign Account Tax Compliance Act). A fund’s ability to satisfy its obligations under an agreement with the U.S. Internal Revenue Service (“**IRS**”) will depend on each participant of such fund providing the fund with any information, including information concerning the direct or indirect owners of such participant, that the fund determines is necessary to satisfy such obligations. Any such information provided to a fund will be shared either with the local tax authority or the IRS, depending on the Model of the Intergovernmental Agreement. An investment fund that is classified as subject to FATCA requirements will be required to register with the IRS and obtain a Global Intermediary Identification Number (“**GIIN**”) and agree to have policies and procedures in place to identify certain direct and indirect U.S. account holders or equity holders. For these purposes the Fund would fall within the definition of a foreign financial institution (“**FFI**”) for the purpose of FATCA.

Each prospective Participant agrees by signing the Subscription Form to provide such information upon request from the Fund Manager or the Administrator. If a fund fails to satisfy such obligations or if a participant of a fund fails to provide the necessary information to such fund, as applicable, payments of U.S. source income and payments of proceeds will generally be subject to a 30 per cent withholding tax.

The Fund may exercise its right to completely redeem a participant that fails to provide the Fund or the Administrator with the requested information in order for the Fund to satisfy its FATCA obligations, and the Fund may take any other action deemed necessary in relation to a participant’s shares or redemption proceeds to ensure that such withholding is eventually borne by the relevant participant whose failure to provide the necessary information gave rise to the withholding tax. Each prospective Participant in the Fund should consult their own tax advisor regarding the requirements under FATCA with respect to their own situation.

The Fund will endeavour to satisfy the requirements imposed on the Fund by FATCA to avoid the imposition of FATCA withholding tax. However, there can be no guarantee or assurance that the Fund will comply with all the requirements imposed by FATCA. In the event that the Fund is not able to comply with the requirements imposed by FATCA and the Fund does suffer US withholding tax on its investments as a result of non-compliance, the Net Asset Value may be affected and the Fund may suffer loss as a result.

##### *The Common Reporting Standard*

The Netherlands is one of multiple jurisdictions which have agreed to the automatic exchange

of financial account information on the basis of the standard published by the Organisation for Economic Co-operation and Development (the "**Common Reporting Standard**" or the "**CRS**"). Financial institutions resident in jurisdictions which have agreed to the CRS, should report certain account holder information to their local tax authorities who will then exchange such information with countries where account holders are tax residents. It can provide timely information on non-compliance where tax has been evaded, particularly where tax administrations have had no previous indications of non-compliance.

For the purposes of efficiency, the CRS was deliberately built on the framework of FATCA and replicates many of its principles, although there is no withholding tax regime or requirement for reporting financial institutions to register with Foreign Tax Authorities (as defined below). Furthermore, certain CRS client classification, due-diligence and reporting requirements differ from or are more expansive to those deriving from FATCA. Further inter-governmental agreements will therefore be entered into with other third countries by the Dutch government from time to time to enable reporting to such third countries' tax authorities ("**Foreign Tax Authorities**") as provided in the CRS.

By investing or continuing to invest in the Fund, Participants shall be deemed to acknowledge that:

- (i) the Fund is considered to be a reporting financial institution under the CRS and the Fund (or its agent) will be required to disclose to the competent tax authority of the Netherlands certain confidential information in relation to the Participant, including but not limited to the Participant's name, address, tax identification number (if any), social security number (if any) and certain information relating to the Participant's investment;
- (ii) the competent tax authority of the Netherlands will be required to automatically exchange information as outlined above with the Foreign Tax Authorities;
- (iii) the Fund (or its agent) will be required to disclose to the Foreign Tax Authorities certain confidential information when registering with such authorities and if such authorities contact the Fund (or its agent directly) with further enquiries;
- (iv) the Fund may require the Participant to provide additional information and/or documentation which the Fund will be required to disclose to the competent tax authority of the Netherlands;
- (v) in the event a Participant does not provide the requested information and/or documentation, whether or not that actually leads to breach of the applicable laws and regulations by the Fund, a risk for the Fund or the Fund's Participants being subject to withholding tax or penalties under the relevant legislative or inter-governmental regimes, the Fund reserves the right to take any action and/or pursue all remedies at its disposal including, without limitation, compulsory redemption or withdrawal of the Participant concerned;
- (vi) no Participant affected by any such action or remedy shall have any claim against the Fund (or its agent) for any form of damages or liability as a result of actions taken or remedies pursued by or on behalf of the Fund in order to comply with the CRS, any

- further inter-governmental agreements or any of the laws and regulations related to the CRS; and
- (vii) all information to be reported under CRS will be treated as confidential and such information shall not be disclosed to any persons other than the competent tax authority of the Netherlands and the Foreign Tax Authorities or as otherwise required by law.

Participants should ensure that their tax affairs are compliant with the laws and regulations applicable in their jurisdiction(s) of residence and/or citizenship (as applicable).

15. **CHOICE OF LAW, COMPETENT COURT**

This Subscription Form shall be governed by the laws of the Netherlands, and shall be interpreted accordingly.

The Participant hereby irrevocably agrees that any action or proceeding relating in any way to this Subscription Form may be brought to the competent courts of Amsterdam and its appellate courts and irrevocably submits to the non-exclusive jurisdiction of such courts.

The Participant confirms to apply for subscription to Privium Done Hedge Fund and is acquainted with the Terms and Conditions and the Prospectus and agrees to be bound towards the Fund Manager and the Legal Owner under this Subscription Form and to the Terms and Conditions and the Prospectus .

### SCHEDULE 3 ANTI-MONEY LAUNDERING OBLIGATIONS OF THE FUND

Pursuant to the Dutch Act on the Prevention of Money Laundering and Terrorism Financing is concerned (*Wet ter voorkoming van witwassen en financieren van terrorisme*, the "**Wwft**"), a "client investigation" (*cliëntenonderzoek*) needs to be conducted by the Fund Manager with respect to each applicant Participant prior to their entering into the Fund.

In general terms, the purpose of the "regular" Wwft client investigation is to:

- (i) establish and lay down the purpose and the nature of the envisaged business relationship, which must be documented, and subsequently (to the extent possible) "monitor" the consistency of the information so laid down with the actual (increased) knowledge the Fund Manager has of the Participant. When doing so, the Fund Manager may take into account the actual profile type of the client;
- (ii) establish the identity of the applicant Participant and verify the identity so obtained on the basis of "reliable sources"; in addition, if the applicant investor is a trustee, establish the identity of the settlors of the trust; the documentation on the basis of which the identification and verification has occurred must be retained;
- (iii) (if applicable) establish and verify the identity of any ultimate beneficiary owner of the applicant Participant, being:
  - (a) natural person holding a 25% or more participating interest in the Participant or 25% or more of the voting rights in the Participant, or who is otherwise factually able to exercise a decisive influence in the Participant; or
  - (b) in the event that the Participant would consist of a trust or foundation, a person being, either directly or indirectly, the beneficiary of 25% or more of such trust or foundation's assets or having direct or indirect control over 25% or more of such assets;
- (iv) if the applicant Participant has an ultimate beneficiary owner as described under (iii), to establish and verify such ultimate beneficiary owner's identity.

In certain cases, a "simplified" client investigation suffices (e.g. for applicant that are listed companies, credit institution, financial service providers, collective investment schemes, investment firms, insurance undertakings based in the Netherlands, the European Union, Argentina, Australia, Brazil and several other countries). It is sufficient to establish and lay down the purpose and the nature of the envisaged business relationship and to retain a reliable document evidencing that the relevant applicant Participant falls under one of the categories for which a "simplified" client investigation applies.

In other cases (e.g. increased risk of money laundering or terrorism financing, applicant is a "Politically Exposed Person", client is a natural person that is not present for identification purposes), an "extended" client investigation must be performed. In that case, extensive verification and monitoring requirements apply.
